What you **CAN** do....

- Login to your web self-service page between September 2nd and 9th
- Choose 1 or 2 courses out of the list
- Save your choices!!
- check if your last choices have been inserted correctly: logout and then login again!

You can login and change your choices only between September 2nd and 9th

Additional courses

What you **should** know...

- This choice is **OPTIONAL**
- If you want to choose additional courses you can make the selection out of the list proposed
- Check very carefully the timetable before making your choice to be sure that there is no clash!
- You cannot decide to insert additional courses after September 9th

Additional courses What we propose...

All the elective courses will be available as additional courses

- The additional courses have to be different than the ones you have already chosen as electives
- Only additional courses from the list will be considered in the point average grade

For students going abroad...

If you will attend the Erasmus program:

- The choice of the elective courses is **mandatory** even if you will attend the Erasmus program
- select out of the list 1 or 2 courses (depending on your track) with similar subjects to the courses you will take abroad
- You have to choose the elective courses even if you are not sure if the courses will take place in your host University abroad
- Only if you really don't find any similar subject, select: «Corso a scelta sostenuto all'estero».
