For students going abroad...

## Erasmus, Free mover, Summer School

- Students who wish to take **an elective course while studying abroad** in the context of an International Exchange Program, the Free Mover Program or a Summer School and to sit the associated exam must select the general:

**"Exam taken abroad"** option.

- The exam - if passed - will be included in the student's academic record and the student will be awarded the number of credits that their own degree program specifications attribute to electives.
- It should be noted that it is necessary that courses have already been approved in accordance with the procedures laid down for every mobility program: <http://www.luiss.edu/international>
- Should the exam for the elective course taken abroad not be passed, the student must inform the Student Office of the elective and associated exam that they intend to take at LUISS from among the courses on the list taught in their own Department that are not already full.

# Additional courses

## What you **should** know...

- The choice of the additional courses is **OPTIONAL**
- If you want to choose additional courses you can make the selection out of the list proposed
- Check very carefully the timetable before making your choice to be sure that there is no clash!
- You cannot decide to insert additional courses after the deadline

## Additional courses What we propose...

All the elective courses will be available  
as additional courses

- The additional courses have to be different than the ones you have already chosen as electives
- Only additional courses from the list will be considered in the grade point average
- You can also choose other courses offered by LUISS as additional courses, but they won't be considered in the grade point average
