- **For each course there is a maximum number of students admitted** → in order to find the course available, it is recommended to make the choice in the first days of the time window (which will be set and communicated by the Student office).
- It is necessary a **minimum number of students for the activation of an elective course**. Student Office will contact the students if a course will not start.
- **In case of non-fulfillment the study plan will be set "ex officio"**. No change will be possible.
